

GARAGE CLEANING OF 155 and 175because it is springtime in Alberta !!

Men In Kilts will again be cleaning our parkade areas next week, Monday and Tuesday.

- 155 garage (P1, P2, P3) - May 13
- 175 garage - May 14

The work will take place between the hours of 9:00 a.m. and 5:00 p.m.

If possible, please ensure that your vehicle is removed from the respective parkade prior to 9:00 a.m. as this will facilitate the completion of a more thorough cleaning. Visitor Parking lot may be used during these time periods.

Should you have bicycles or dollies in your parking stall, we ask that they be removed temporarily, along with bicycles stored on common property. We understand that it may not be possible to remove some items for various reasons, and the cleaners will do their best to work around any obstructions.

For safety reasons, we request that there not be any vehicle entry nor exit during the course of cleaning.

If you have any queries, kindly contact our management firm, PEKA (403-678-6162)

Your co-operation is appreciated. Now, on with Spring's continued calculated arrival along with the odd reminder that winter has not quite left us.
