THIS 'N THAT

FIRE SPRINKLERS: Please do not hang items from your fire sprinklers. They could be activated, releasing substantial water into both your unit and those adjacent.

CHRISTMAS TREES: Please be reminded that only artificial Christmas trees are to be utilized at Crossbow Point. Natural trees would be a fire risk and increase our common area cleaning costs.

HALLWAYS: Please help us keep our hallways attractive. Personal items such as shoes should not be stored outside of units. Tattered or worn welcome mats should be replaced.

CONSERVATION: Our condominium fees cover the cost of heating for each unit. Energy saving practices benefit us all. Please ensure your windows are closed during winter as cold snaps are a common occurrence and can cause the baseboard heating water lines to freeze. Please set your thermostat at a minimum of 17 degrees Celsius. These practices are especially important when you are away for a day or longer.

FIRE SAFETY: Smoking is prohibited in all common areas of our building. Please, ensure that cigarette butts are disposed in a safe matter (By-Laws 68-a-xi, 3-e,f). Fires have occurred when cigarettes were placed in flower pots. Also, please ensure that candles on balconies be kept in fully enclosed containers and are secure from being blown over by wind gusts (By-Laws 68-a-xi, 3-f).

MANY THANKS

BARBEQUE: Forty-five people attended a very successful summer barbeque social in the Fireside Lodge. Thank you to our organizers: Georgina, Susan and Val. The efforts of our chefs, David and Glen, were greatly appreciated.

FALL CLEAN-UP: Thanks to the twenty volunteers who participated in our Fall Clean-Up on September 15. We removed branches and deadfall to reduce fire hazards, improve sight lines and beautify the forested area north of building 175. As well, several maintenance areas were cleaned and vacuumed. Special thanks to Georgina, Val and Yolanda for providing a delicious lunch.

FIRE SPRINKLERS: Thirty-four residents took training in fire sprinkler and shut off management. Forty-nine sprinkler guards were installed in units to prevent accidental activation. Thanks to David for his leadership and time in this area.

YOUR BOARD: Your volunteer Board of Directors has devoted much time and effort to the management and oversight of the Log Project and Special Assessment. We regret the extra financial burden that has been placed on all of us. All decisions involving this project were unanimous by your Board; acting in what we believe to be the best interests of our community and our buildings. Your continued support through this difficult process is very much appreciated.
