

Paint Project

Good morning,

The Board has retained Peaks Painting to complete the exterior staining around the property. The areas being completed this season are the **south and east facing sides** of each building. Work is set to commence on **Wednesday August 26** and will continue daily until completed (weekends excluded). Access will be obtained through ladder and lift, so you may want to close your blinds for privacy.

If you have private tenants or guests, please share this information with them. Units managed by the PEKA rental team will be notified on your behalf.

Best regards,

Becki Brouwer

Executive Assistant to Gibson Rencz
